

Spark Signs & Graphics - Boosting Business

Spark implements First National Bank merchandising effort.

We loved working on this [First National Bank](#) merchandising project. We printed four different images on a unique vinyl material that was then placed on acrylic backers in the type of light box seen here in the photo. We also coordinated installation in branches in Ohio and Western Pennsylvania.

And that's not all that we've be up to.

LPW Technologies - Exterior Building Sign

We recently installed this new 5 ft. x 10 ft. wide lighted sign for [LPW Technology](#) at their new Chapman Westport industrial park location. The sign was constructed with push-thru acrylic that includes a combination of halo (or backlighting) and front lighting in the plus symbol.

HBK CPAs & Consultants - Lobby Sign

[HBK CPAs & Consultants](#) moved into their new Warrendale location and we were there with them every step of the way, including this lobby sign – one of two. We also designed, produced and installed office and conference room signs, privacy window vinyl, wall graphics, and ADA signs.

Medica the Healing Arts - Building Sign

[Medica the Healing Arts](#), a health and wellness company offering healing, life coaching, wellness sessions, massage therapy and facials, is celebrating their 25th anniversary and called on Spark to update their building and pylon signs.

ITPS Family of Companies - Building Signs

We worked with [Information Technology Procurement Sourcing](#) (ITPS), a technology and IT company, in the past as we installed their lobby sign. Then they called us to produce not only one outdoor building sign, but four. We designed these dimensional signs that promote the family of companies under the ITPS umbrella.

Rockerz Polished Concrete Flooring - Truck Wrap

We recently completed design, printing and installation of several trailers and this Ford F350 full wrap for [Rockerz](#), a national company specializing in polished concrete flooring solutions.
