

## Spark Signs & Graphics - Boosting Business

### Spark Brings an Iconic Bridge to Steubenville Restaurant.

We completed this expansive 20' x 11' wall mural of the Brooklyn Bridge for [Brooklyn Bagel on the Square](#) in Steubenville, Ohio. We worked with our client to select the artwork and printed the colorful bridge on our HP Latex Printer (environmentally friendly and no solvent inks) with 3M vinyl and an overlamine for protection. Try the "Sweet Tooth" when you stop in to Brooklyn Bagel.

February was cold, but we kept warm with these projects.

#### First National Bank - In-Store Merchandising

Keep us in mind for in-store displays and graphics. We printed artwork provided by our client [First National Bank](#) on translucent backlit polyester film and installed graphics in 'light boxes' in the Pittsburgh area and Northeast Ohio. The color turned out amazing!

#### Khalil's Restaurant - Wall Sign

We've been working for the better part of a year with Khalil family members who are reopening this gem of a restaurant, which previously served Pittsburgh for 40 years. Check out our 4' x 12' aluminum sign with 1/2" PVC letters AND their excellent food as they re-open in the near future.

### Rubicon Oilfield International - Wall Sign

We provided signage for [Rubicon Oilfield International's](#) new Pittsburgh office at the Chapman Westport business park. Our work included graphics on the front door, and this 5x10 aluminum frame sign with push-through acrylic that catches attention day and night.

### Pawlowicz Dentistry - Post & Panel Sign

Carved HDU signs are part of our offering, and this design, fabrication and installation for [Pawlowicz Dentistry](#) will help brand the dental practice at its second location in the North Hills of Pittsburgh. We can create or match artwork to any size panel for a great looking custom sign!

**Buccos Roofing** - we make banners of all shapes and sizes and this 6' x 10' size for [Buccos Roofing](#) will help them stand out at the upcoming Pittsburgh Home Show. We also supplied a high-quality floor mat that included Bucco's recognizable logo. Keep Spark in mind for banners, floor mats, and any other event show graphics and signs.

**Steel Cactus** - the popular restaurant group that operates [Steel Cactus](#) came to us to solve a problem - how to quickly acquire hanging signs ("order here"; "pick up here") for their location at the Pittsburgh International Airport. We flew into action by fabricating the signs and meeting their deadline.
