DYNAMOMETER DISCLAIMER, RELEASE & WAIVER

I agree that I have completed inspection of my vehicle and confirm that my vehicle is in good working order. If the Dynamometer run cannot be completed due to the car not being in good working or safe order, the deposit for the dynamometer session will be forfeited. You are purchasing a slot of time on the dynamometer. If your car cannot be tested on the dynamometer due to it not being in the proper running condition, your time is still expiring. Any parts, chemicals, lubricants, hardware and/or components used by American Classics Restorations to successfully complete the dynamometer session will be additional. Any vehicle on the chassis dynamometer that is in need of repair or modification to complete a successful tuning session will be subject to an additional charge of the regular shop hourly rate to correct the problem before dynamometer tuning can commence or resume. This charge is in addition to the charge for dynamometer time. Testing and tuning on the dynamometer will push your vehicle to its mechanical limits. It is your responsibility to ensure that your car is in good working order and capable of handling the stresses incurred when your car's limits are reached. American Classics Restorations is in no way responsible for ANY damage to your vehicle incurred before, during or after your vehicle is operated on the dynamometer. Any damage caused to the vehicles body, paint, transmission, transfer assembly, engine, tires, clutch, brakes etc. is the responsibility of the vehicle owner. Circumstances can arise on the dynamometer that is beyond the control of the technician and American Classics Restorations... engine failure is a distinct possibility. American Classics Restorations takes no responsibility if a failure occurs.

I hereby acknowledge that I am aware of the potential risks involved with dynamometer testing / tuning and that I forever waive any and all claims against American Classics Restorations for ANY damage to my vehicle as a result thereof.

Furthermore, due to the inherent dangers surrounding the operation of such equipment there is risk of personal injury. Understanding this risk, the undersigned agrees to assume all liability for accidental injury or body damage to themselves and any guests they bring with, and forever release American Classics Restorations of any and all liability. No one under the age of 16 will be allowed in the Dyno area at any time the vehicle is running.

Vehicle Owner/ Participant's Signature Date

If the participant is under the age of 18, I hereby acknowledge by signing I am the parent or guardian responsible for said participant and reflect my agreement to forever indemnify Performance Power Tune from any claims which may be brought by or on behalf of the participant, or any member of the participant, family & guests, for injury or loss resulting from those inherent risks described above.
