

## Spark Signs & Graphics - Boosting Business

### Pineapple Payments Building Sign

Pineapple Payments, a local technology company that provides payment processing, came to Spark to highlight the Pineapple brand on its headquarters' building at 11 Stanwix Street in downtown Pittsburgh.

We worked with our client to design the illuminated sign, with building management to position the sign on the Fort Pitt Boulevard side of the building, and with the City of Pittsburgh to permit the sign.

The logo measured 42" tall, and the largest letters 24" tall. All of these elements were attached to an 80 square foot aluminum blue frame.

We finished the year with some great projects

### The OM Lounge - Window Graphics

We worked with the owner of the [The OM Lounge](#) as this East Liberty yoga studio moved to a larger space around the corner. We shared several designs and our client chose unique graphics including mandala symbols to accent window banks on two sides of her building.

### Aethon - Lobby Sign

An existing client, [Aethon](#), came to us to design and fabricate a new lobby sign for their Robinson Township headquarters. We used 1/2" painted acrylic letters and symbols on an acrylic backer to highlight the Aethon and ST Engineering (corporate parent) logos.

### Walmart - Interior Graphics

We were called to do a time-sensitive installation at the Walmart in Cranberry Township. This project included placing multiple decals at the newly revamped "Pickup" area which has become an important growth area nationwide for the retailer.

### Powertrack - Building Sign

[Powertrack](#), a company specializing in hydraulic and industrial hose and fittings products, recently moved into the Chapman Westport business park. We fabricated and installed this building sign, as well as corporate mission and vision statement posters for their lobby.

Petcash Oral Surgery

We worked closely with Dr. Petcash at [Petcash Oral Surgery](#) to replace the feature monument sign outside his practice. We also hand-crafted two routed identification signs for Dr. Petcash and for another company in his building, My Dentist.

## Connect with us.
