WE ARE REOPENING FRIDAY MAY 22ND 10:30am!

We have missed you and hope that you and your loved ones have remained safe and healthy during these trying times! While we have been closed, we have been busy making plans, restocking, cleaning, disinfecting, and preparing our Spa so that when we open, we can provide the safest facility possible.

All that said we would be remiss to not warn you of the inherent risk of exposure to COVID-19 exists not only at Harmony Massage but any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According the Center for Disease Control and Prevention, Senior Citizens and guests with underlying medical conditions are especially vulnerable. By visiting Harmony Massage, you voluntarily assume all risk related to exposure to COVID-19.

We are excited to reopen Friday May 22nd our new operating hours will be 10:30am until our last one-hour massage starts at 8:30pm. Our reduced hours of operation are due to additional time we need to deep clean and disinfect the Spa daily. We are accepting **LIMITED RESERVATIONS ONLY** we are not permitted by order of the Governor of the State of Georgia to allow walk in customers so please call by telephone we cannot accept online reservations until further notice. In the past we have done our best to always be accommodating reservations requests like specific therapists, a reservation time convenient for our guest, or adjusting a schedule to accommodate late arriving guests rest assured we will always try our best to accommodate but this will be more difficult due to the restrictions implemented due to Covid-19.

STAY SAFE AND HEALTHY, WE HOPE TO SEE YOU SOON!

Please review our new menu as we have updated our pricing and operating policies to accommodate the changes due to Covid-19.

WE ARE COMMITTED TO

We want to make sure you feel safe visiting Harmony Massage and at the same time provide you the same enjoyable service you've come accustomed to and will be taking even greater measures designed to protect you and our staff. In following the safety guidelines set by the CDC and the State and Local government below are some of the additional measures we will take to ensure your safety!

- We have invested in the newest technology available in air purifying and killing pathogens thru our HVAC System. GPS' NPBI technology works to safely to clean air inside commercial buildings. The patented technology uses an electronic charge to create a plasma field filled with a high concentration of + and - ions. As these ions travel with thru air stream as attach to particles, pathogens and gases.**
- Enhanced cleaning procedures including deep cleaning service areas and common areas in between each service.**
- Meeting or exceeding all state, and local regulatory guidelines relating to sanitation and hygiene using CDC and local government approved disinfectants.**
- We will always limit building occupancy to one guest for each massage therapist allowed by regulation to minimizing social contact.**
- We will use digital heat scan thermometers to check temperatures of all guests and staff. Any temperatures of 100 degrees or more staff or guest will not be allowed in the building.**
- We will alternate appointment times and allow greater cleaning and disinfecting treatment rooms between service.**
- We will designate areas within the Spa for waiting for treatment.**
- Hand sanitizer will be available throughout the Spa and we will provide masks and gloves for clients if they do not have their own. We believe this is the right thing to do under the current circumstances to provide additional safety for our staff and guests. The CDC advises wearing face covering to help slow the spread of the virus, however face covering is not a substitute for social distancing. Thank you for your cooperation!**
- We will require all massage therapists to wear face masks in the lobby, during any interaction with the guests, or when in the break room and if necessary, at the request of the guest also use sanitary gloves.**

YOU CAN HELP BY REMEMBERING

- Wash and sanitize your hands often.
- Give each other space and follow the social distancing protocol within the Spa.
- As much as our staff is excited to see you, please understand that we ask them to politely provide distance when greeting.
- **MOST IMPORTANTLY**, if you feel sick, have a fever, are coughing, have difficulty breathing, or if in the last two weeks you been in close contact with a person with a suspected, or confirmed case of Covid-19, please reschedule your appointment and stay home.
- Bring your own face mask covering and if you do not have one, we will provide you with one and keep it on while in the building.

WHAT TO EXPECT ON YOUR NEXT VISIT?

- All guests must answer the following health screening questions at the time of booking verbally and again in writing prior to their session with a waiver from liability due to any Covid-19 related claims.
- Guests Should text the Spa when they arrive in the parking lot for there appointment to notify us, they have arrived and wait for a text confirmation before coming to the Spa entrance.
- Guests are required to have their temperature taken via a touchless thermometer prior to session. Clients with a temperature over 100 degrees must leave the building and reschedule their appointment.
- The entire room is disinfected, including table, bolster, face hole, door handles, stools, shelves, and light switch.
- Room will be prepared with fresh sheets and face hole covering.
- Massage Therapist will wash their hands before going to the lobby to greet their guests and after the completed service.
- For extra sanitation precautions, all blankets have been removed from treatment areas until further notice and have been replaced with extra sheets for warmth and to protect modesty.
