

COVID 19 Safety Plan

In consultation with the BC Restaurant and Food Services, Worksafe BC, and Fraser Health, we have established a series of protocols.

- Mandatory face masks for our team members
- Enhanced cleaning procedures with greater attention to detail, and frequency
- Social distancing will be required, with 2 metre distances between each table, and patron in different / separate parties
- Wide walkways between each table
- Signage and floor markings in high traffic areas, reminding guests and team members of essential protocols
- Fresh air flow, continually through the facility, in addition outdoor, open air seating is available
- Hand sanitizer stations will be provided upon entry, and departure to our facility for all guests
- Limited physical contact for entering and departing facility, as well as additional exit points to reduce pedestrian congestion
- System of monitoring all deliveries to the Firefighters, to ensure safety measures are adhered to with Vendors, and to ensure limited contact with our workforce
- Daily health checks on staff members at the beginning and end of their work day. Any sign of sickness, or symptom, and they will be required to depart, and will not be permitted to work
- Consistent washing of hands by team members

The great atmosphere that you were accustomed to in the past, may have changed a slight bit, but we look to make it as close as possible, while providing you with the knowledge, that you are safe visiting us.

OUR PATRON CAPACITY IS 100ppl

The above is a summary of our protocols. To obtain a more descriptive copy of our plan, please contact Kelly Matiwsky at 604.437.4347 or kelly@firefightersclub.com
