

Spark Signs & Graphics - Boosting Business

VIP Drive Monument Sign in Wexford

We recently completed this great project that included everything start to finish (designing, permitting, building and installing) for a double-sided 18-foot tall monument sign at VIP Drive in Wexford.

The sign, located at the intersection of Rt. 910 and Rt. 79, included a 10-foot wide custom-fabricated illuminated aluminum header and large sign cabinet to highlight companies in the shopping area.

And it also included a high resolution Electronic Message Center (EMC) with messages that can be changed remotely.

Think of Spark Signs to boost your business with custom exterior signs that fit your brand messaging and personality.
