

Dear valued customer,

We, at Platinum Lawns, are so grateful that you chose us for your lawn care needs this past season of 2020! As a valued customer, you put your trust in the standards that our company upholds and allowed us to execute our work to the best of our ability. It is our hope that we exceeded your expectations and left you with complete satisfaction! We strive to be the lawn care / landscaping company for all your outdoor needs!

With that being said, the upcoming season for 2021 is right around the corner! We are proud to say that because of your previous business with us, we were able to purchase a new line of higher quality equipment, which will allow us to improve the overall quality of each and every service! We would love to have your business again this year! With a minimum price of \$30 / service, we can guarantee quality, reliability, and punctuality!

Want a deal on your lawn care services this season? Check out our new services and promotions for 2021:

1. Save an average of \$150 this season by recommending us to a nearby friend or neighbor! We would love to have their business and branch out to more people in your area! If you help us make this a reality, we will take \$5 off your weekly mowing price for every referral!
2. Have pets? Not only will Platinum Lawns mow your yard, but for a small added fee we'll even clean up after your pets! That's right! Poop-scooping! Contact us for your free quote!
3. Why choose Platinum Lawns over our competitors? As of 2021 our company has decided to give back, a percentage of every payment you make to Platinum Lawns will be donated to a non-profit charity to provide resources to families and children in Guatemala! We believe in giving back to those in need!

Once again, we thank you for choosing Platinum Lawns and look forward to your business this season!
