Tattoo Deposit Policy

A deposit is required to set and hold an appointment time with any given artist. Designs will be drawn on the day of your scheduled appointment to avoid miscommunication. (*Consultations are free and do not require a deposit)

We will require a minimum deposit of \$50.00 before investing the time of both parties. Ownership of any and all drawings are the artists' and decision will be left up to the as to what is done with the final drawing if it is not tattooed by them. Your deposit amount will come off of the final price of the tattoo when completed.

All deposits are non-refundable. In the case that your artist is unavailable the day of your appointment, it will be rescheduled.

By signing this, you are agreeing that your deposit will be forfeited and a new one will be required, if:

- If you reschedule your appointment without a 48 hours' notice.
- If you show up more than 30 minutes late to your appointment, or do not show up at all.
- If you reschedule the appointment more than two times.
- If you change the full design or a large enough element.

Appointments will not be scheduled until deposit is paid and you have acknowledged and agreed to the deposit policy!
