

INDUSTRIAL SEAMSTRESS

Job Description:

Columbus Apparel Studio is looking for an industrial seamstress to join our talented team of sewing experts. In this position, the industrial seamstress has the knowledge and skill to perform and complete tasks such as machine maintenance and setup, sewing on various industrial machines, sewing with multiple fabrications, and creative collaboration. The ideal candidate has 5+ years of experience assembling and sewing materials and textiles with industrial-specific sewing machines in a production environment.

Job responsibilities include, but are not limited to:

- Assembling and sewing apparel knit, woven and active wear garments
- Troubleshooting solutions and recommending the best methods and materials to complete each task
- Maintaining equipment, including cleaning, oiling and daily machine maintenance
- Paying close attention to detail and accuracy of work
- Consistent quality and workmanship

Knowledge, skills and ability:

- Ability to lift 25 lbs.
- Ability to work in a fast-paced environment with little error
- Ability to stand, bend and stretch for 8 hours a day
- Must have good organizational skills
- Must have good time management skills
- Must be detail oriented
- Strong understanding of garment construction
- Must have legible handwriting
- Ability to read measurements from a ruler
- Ability to read and convert measurements to fractions
- Must be able to perform basic math functions
- Ability to distinguish between colors
- Must be able to work and learn independently

Qualifications:

- High school degree or equivalent
- 5+ years of industrial sewing experience
- Passion to make a difference
